Dear Parents/Carers,

SPRING TERM 2024

We would like to wish you all a Happy New Year and to express our appreciation for the many gifts, cards and messages we received just before Christmas. Thank you!

We have been busy thinking ahead for the spring term and would like to share with you our plans for the next half term and beyond.

This term our topic is 'Explorers' and we will be learning about the global explorers and space exploration. We will be visiting the National Space Centre in Leicester, next half term.

To help your child to continue to make good progress we ask that you try to read at home **every day** for at least 10 minutes, **recording it in your child's reading diary**. It is important that we can monitor how often the children are reading at home and that we can record the children's reading in school. We change the children's once a week and your child will receive a phonics reading book and a book from the class library.
