A MESSAGE FROM MS PAULSON

Dear families, what a wonderful first week we have had back in school after the Easter holiday. The children have returned ready and excited to learn - it's hard to believe that we are already in the summer term! We have lots of exciting learning, trips and events planned for this term, starting with our Eid Celebration Day which took place today. Our Year 6 children are working hard preparing for their SATs later this half term as well as looking forward to their residential and summer performance in the second half term! OPAL continues to be having an extremely positive impact on the children's wellbeing and I'm excited to see each new addition to the programme as the year moves on. Here comes the sun!

UNIFORM REMINDERS

It is lovely seeing the children wearing their smart uniforms so proudly. **Just a reminder that children's PE kits should also be following our school uniform expectations please and trainers are only to be worn on PE days.** Also, nail varnish and jewellery should be saved for our 'Cheeky Tuesdays' and for wearing at home. We are finding lots of jumpers and cardigans left in the playground at the end of the day. We will be placing them in the lost property bin unless they are labelled, so please ensure all uniform has your child's name clearly marked on each item.

'CHEEKY TUESDAY' - NEXT TUESDAY

Just a reminder that we are having a 'Cheeky Tuesday' next Tuesday (29th April), where your child/children can come to school with options and choices that we wouldn't usually allow on a normal Haydn School day, for a small donation.

We are holding a 'Cheeky Tuesday' to help raise funds towards our next big project of building a giant sand pit and a digging area. Please see below for the list of options - children can choose as many as they would like, but equally, there is no requirement or pressure to take part.

READING, READING, READING

Tuesday 22nd April was World Earth Day. A day to celebrate the achievements of the environmental movement and raise awareness of the need to protect Earth's natural resources for future generations. We're never too young (or too old) to have that conversation. Here are some books that would be brilliant to discuss the wider issues with your children and get them thinking about what sort of things our Earth needs, to be protected.

MATHS CHALLENGE

Here is how much it costs to go to the zoo.

Mr Jones and his 3 children go to the zoo.

How much does it cost them altogether?
